

Jesse Klein, DPT, CSCS

Jesse Klein is a graduate of St. Catherine University where he received his Doctoral degree in Physical Therapy (DPT).

As a Doctor of Physical Therapy, Jesse has received specific training in differential diagnosis, primary care screening, pharmacology, radiology and imaging, manual therapy, therapeutic interventions, health care management, prevention and wellness, health promotion, histology, and pathology. During his second year, he was one of four program Teaching Assistants and was selected by faculty to serve as the sole Program Tutor. His clinical experience ranges from rural to urban settings, teen to nonagenarian clients, and recreational to Olympic level athletes. It also includes evaluation and treatment in acute care rehabilitation, geriatric care, and neurological rehabilitation.

Prior to receiving his DPT, he earned a bachelor's degree in Exercise Science from the University of Wisconsin-Oshkosh, where he was a 2-year captain of the soccer team and was involved in multiple extracurricular committees and councils.

Jesse's current practice of physical therapy is primarily within the field of orthopedics. He is currently a Certified Strength and Conditioning Specialist (CSCS) through the National Strength & Conditioning Association and pursuing certification as a Board Certified Orthopedic Clinical Specialist (OCS) through the APTA Board of Specialties.

In his free time, Jesse enjoys running, biking, playing soccer, reading, and spending time with his wife. A recent transplant from Minneapolis, he is excited to explore all Eugene has to offer.

RECENT PROFESSIONAL ACTIVITIES

Case Report Poster Presentation: MNPTA Spring Conference, St. Paul, MN (Mar. 2017)
Guest Speaker: Pursuing an Education in Physical Therapy, Burnsville High School, Burnsville, MN (Dec. 2016)
Guest Speaker: Pursuing an Education in Physical Therapy, Urban Scrubs Club, Minneapolis, MN (July 2016)
